2 x New 1.330L stainless-steel AISI316L vertical storage tanks

These standard tanks from our stock were equipped in our workshop with the following:

- Double agitators according to customer specifications.
- Sight glass with LED lights.
- Extension of the manhole.
- Sample valves.
- Elevation of the legs.

These tanks were purchased by a marine biotech company, which is developing a fully transparent, traceable and integrated value chain for commercial harvesting and biorefining of *Laminaria hyperborea* for production of kelp-based ingredients for pharmaceutical and nutraceutical applications.
